The Way I Act

Synopsis

The Way I Act explores thirteen ways of behaving. The friendly verses and bold illustrations convey many positive ideas of how to act in a variety of situations. In the companion book, The Way I Feel, children learned that feelings come and go and simply are. A little older now, they are ready to think about the ability they have to control how things turn out. Like The Way I Feel, this book is ideal for children with autism. (Ages 4-9)

Steve Metzger taught preschool for several years, then worked at Scholastic, where he ran school book clubs and created more than 60 children's books. Janan Cain is the creator of the popular Way I Feel children's picture book series, with over two million copies in print. Janan grew up in Darien, Illinois, with a deep passion for drawing and painting. Her 30-year career as an illustrator and author spans a range of accomplishments, from illustrations for corporate campaigns and consumer packaging, to branding and communication design for Fortune 500 companies. In 1993, Janan left the corporate world to raise her two daughters. She wanted to teach them words for their feelings but couldn't find picture books for young children dealing with the complexities of emotions in a straightforward way that children could grasp. Tapping into her passion as an illustrator, she decided to create her own book

and with that, her first picture book, *The Way I Feel*, was born. With over 2,000,000 copies in print, *The Way I Feel* is among the best-selling children's picture books of all time winning numerous awards and accolades. Janan also wrote and illustrated *Lost and Alone* and co-created *The Way I Act* with Steve Metzger.

This was helpful for my ASD child to understand his emotions and put a label to the things that he is feeling. We shared it with his teacher, who ended up using some of the images for an "emotion scale" on his desk so that he can point to the image when he's feeling a certain way during the school day.

Beautiful illustrations by the amazing Janan Cain. Loved her first book, the way I feel. In this one, the content (i.e., the way it's written) by Metzger is not great. A disappointment.

Great illustrations. Descriptions, adjectives are fantastic. One of my nieces favorites.

I would read this with my 4 year old and it was super helpful book... easy to read & for child to enjoy

I thought it was cute enough, so I bought it for my spirited 7 year old stepdaughter. I didn't expect she would like it so much, but she requests to have it as bedtime reading pretty regularly. And if she likes it that much, I like it!

I love this book.

My son learned to identify his feelings with the first book. Now he is learning more complicated words and effects of his actions. Illustrations are beautiful as well. Love this book!

Great complement to *The Way I feel*. A little too complicated right now, but will be soon.
