Customer Reviews

Thomas L. Leclerc is a priest of the Missionaries of La Salette. He holds of doctorate of theology in Hebrew Bible/Old Testament from Harvard University. He is associate professor of sacred scripture at Emmanuel College in Boston.

This book is exactly what the title says. A good historical-theological introduction to the prophets and prophetic activity in the ancient Near-Eastern world. It deals with all of the prophets in the Old Testament. Starting with the prophets in the Pentateuch (Abraham, Moses, etc), up to the 'classic' prophets (Isaiah, Jeremiah, etc.) The writer is a catholic priest, but his presentation is fair enough to be used by any other denomination (I am not Roman Catholic, but enjoyed the book).

If you've always found the Prophets a bit daunting, but want to understand them, this is the book for you. It's one of those books where you can tell the author loves the subject and really wants to help you learn. You'll get the background you need to read and understand the texts. Great things about this book:-Material: background on the times and life of the prophet; the important themes and

messages of the book; how the prophet used traditions (like the Exodus) and how later traditions incorporated their work-Starts with the prophets of the Torah-Well organized, great headings: I always knew where I was & how it fit into the big picture-Gives the background of prophecy in the Ancient Near East and relates it to what you're reading: you don't have to have read the Mari letters or know Akkadian (or Hebrew)-Lists, charts, timelines are all great references and make the book visually fun -Example: for Isaiah author lists the characters as: "The Enemy," "The Conspirators," and "The Odd Man Out"-An extra virtual 5 stars for the callout boxes: two columns have the text and what each part of the text does (e.g. messenger formula). The relevant parts of the quote is bolded, which is super helpful. I don't know if it's because the material is so dense, but reading "set over them a district governor" doesn't immediately make me realize, oh no, he reduced the kingdom to a province! Bummer!-Helps you choose readings from the prophets instead of recommending the whole book AND includes the quotes from the readings in the text (great for further reference)-Talks about the book in the tradition of the Christian & Jewish liturgy •fascinating and helpful to remember who's who. Which prophet's work did Dies Irae come from?-Ideal for self-studyYou'll soon be ready to read and appreciate some of the most beautiful and challenging biblical works.

wonderful insight into the lives of the prophets and the social climate that they lived in. Makes the scripture come a live with new meaning.

Used this book in a classroom setting and found it a very good survey of a very broad subject. Good quick reference and an fairly easy read.

great textbook, delivered faast.

Excellent Overview

Excellent text

Not the easiest of reads, but an excellent introduction to some very dense materials from the prophets of the Old Testament.
