I've seen some comments that these flash cards are "babyish." Although I'm in my 50's, I happen to enjoy these flash cards. I have a couple of books on sign language, plus other flash cards, and guess what? I was not able to find the words: Help, more, and stop. Only on the sign 2 me cards! Babyish or not, I'm going to slowly (due to income constraints) buy the rest of the cards!!What's more, you can learn Spanish words for the sign, as the Spanish word is right there on the card. I'm trying to learn both these languages, so it's a win-win for me!!!!

Fun and easy to learn. My son has autism and with these cards he is learning so quickly how to sign what he needs or want. I'm so happy that I found these cards. My older son, my husband, and me are also learning with him. Couldn't be happier with these cards

These cards care wonderful. Even with my son biting the edges, they are a durable lol. The pictures on the card are provide great assistance as I have no clue how do to sign language. My son and I are learning together.

Arrived quickly from seller. Packaged well, no marks, new cards, I'm satisfied with the presentation.I do like the Spanish/English/ASL translation along with pictures. My 3 year old likes it. He can look at the cards and understand what the card is telling him to do. Good buy.

Helpful in retaining ASL skills.

Recently started ASL Class in order to be able to sign. These cards helped me a lot I even had my classmates asking me where I got them. They arrived as planned

Great pics and size.
