Copyright, Patent, Trademark And Related State Doctrines (University Casebook Series)

Synopsis

This edition comprehensively updates the previous edition to take account of recent legislative, judicial, and scholarly developments in all areas of intellectual property law. It addresses idea protection, trade secrets, right of publicity, designs, and computer software ; with attention to the patent law changes wrought by the America Invents Act. The casebook provides materials covering First Amendment limitations on I.P. rights, and addresses emerging trends in Lanham Act section 43(a) and newly revised provisions of federal antidilution law. It also includes discussion of other topics, such as Internet and domain names, secondary liability, safe harbors, and anticircumvention provisions; expanded coverage of software protection and business method patents; and notes on comparative I.P. doctrines.

Book Information

Series: University Casebook Series

Hardcover: 1248 pages

Publisher: Foundation Press; 7 edition (July 1, 2012)

Language: English

Best Sellers Rank: #677,837 in Books (See Top 100 in Books) #58 in [Books > Law > Intellectual Property > Patent, Trademark & Copyright > Copyright](#) #6853 in [Books > Textbooks > Law](#)

Customer Reviews

Book contains little analysis. This is a "case" book in the traditional meaning. They just take publically available cases and cut them to leave the "important" parts. Gets the job done but there is nothing special or unique about this book and I resent having to spend so much money on something so mediocre.

Exactly as described

This book is just ok. Compared to the many casebooks I have owned. There are two things to think

about when reviewing casebooks: whether it is the publisher or the author. The issues with this casebook was that the case index was in the front of the book, while the topic index was in the back of the book. I found this to be inconvenient; I also first thought there was no case index, until I stumbled upon it. Also, the cases index was incomplete and sometimes incorrect. I am not sure if this was a publisher or author issue but it should be taken care of. Students rely on indices when utilizing the casebook. The topical index in the back, was sorted well and helpful to me. The text of the book was a good size and the pages were a nice white, although not too firm. If you highlight, it will go through the pages more often than other publisher textbooks I have experienced.
