Customer Reviews

This guide is amazing. I even recommend it to my visitors and airbnb's. Seeing the city through two very passionate foodies. Thank you

This guide to Montreal is incredible! I can't believe how many reviews there are and funny insights into the best restaurants in the city. It's such a great food city and now I know some cool cafes and bakeries I can't wait to try when I get back next summer. I really loved how the guide is broken down by category and includes farmer's markets and eco-friendly places. It's a real insider's guide.
