John M. Feierabend is a national leader in the field of early childhood education and currently serves as a professor and chair of the music education division at the Hartt School of the University of Hartford in Connecticut. He lives in Simsbury, Connecticut.

I love and use music daily in my preschool Special Day Class and was looking forward to adding more with this (these purchases), however, I was extremely disappointed that there us music but no chords to play.

I was looking for a great resource for my classroom. I needed songs that had beats and motions to them. This book is filled with fun songs that my students love and can't wait to sing.

I learned so much from this book. It was very easy to read and apply to my general music classes.

This book came quickly and is just what I needed to finish out the school year!
