Having diabetes is such a hard thing to cure and there are a lot of medicines that needed to be taken. In our family, we are prone of having type 2 diabetes and most of us are overweight. Our doctor said that we should more focus on losing weight and also avoid in going out and eating fast food chains because it can also cause kidney failures and other diseases. The recipe book contains more proteins and rich in vitamins which is a must to us. I learned a lot of new recipes here!
