Synopsis

For the adventurous showman with an eye for the outrageous, this riotous guide provides step-by-step instructions for creating penis puppets. Daring artists can attempt to build the "Hamburger," offer a ride on the "Skateboard," tell the time with the "Wristwatch," and show off all manner of animals, including the Loch Ness Monster. Equal parts absurd and scandalous, this is a hilarious guide to creating the worldÃ¢â ¬â„¢s most unique art.

"I didn’t know men’s genitals could be so thrilling without a vat of wine and disco lighting." -- Graham Norton "Does my quote look big on this?" -- Kathy Lette" I didn’t know men’s genitals could be so thrilling without a vat of wine and disco lighting." -- Graham Norton " Does my quote look big on this?" -- Kathy Lette

A few years ago, Simon Morley and David Friend began performing their repertoire of "dick tricks" in Melbourne, Australia. Hitting England’s shores to overwhelming critical acclaim at the 2000 Edinburgh Festival, their show has also played in Montreal and Toronto, and is on its way to Broadway. Marvel at the Atomic Mushroom; be awed by Uluru; coo at the Baby bird; sample the Hamburger. This user’s guide to the world of genital origami is a book that every man should study -- and every woman should learn from.

The things this book shows with a man’s penis hurt to look at but it really is hilarious; my husband

and I laughed until we cried while looking through the book.They do not shy away from the close up crotch shot so faint of heart need not apply.

I really enjoyed the book. It’s a great gift idea for that special guy in your life. I was a little underwhelemed with some of the more simple origami tricks. Some of them are creative, like the hamburger or the Loc Nes Monster. But others are just... what you would expect a guy to do with his junk. The book is entertaining for sure but the most shocking origami techniques are already on google images.

The book is as explicit as you would expect, but the page quality is poor and the photos look second rate

Another waste

I LOL’d the whole way through. Great book. Old, 1970’s Aussie humor.

Everyone will love this. Not at all a nasty thing in any way. This is just plain fun and creative. May want to be adults only however.

Painful to look at...but very interesting part of a "man part"...makes you wonder how in the world can they do this?????You never know what is going on in the world until you see stuff like this.....amazing!!! You must have a sence of humor to appreciate this art form.

Off the wall subject matter. Looks painful. I’m an artist and draw the nude figure and find these bodily distortions somewhat outlandish. I found the subject matter more artistically interesting than humorous.
