Stu Weber is senior pastor of Good Shepherd Community Church near Gresham, Oregon. He is a much-in-demand international speaker and the author of the popular *Four Pillars of a Man's Heart*, *Tender Warrior*, *All the King's Men*, and *Along the Road to Manhood*. He and his wife, Linda, have three children: Kent, Blake, and Ryan.

I actually bought this copy for a friend because I enjoyed reading and studying the book during our Men's Bible study. I really enjoyed it and thought my friend would as well. Stu Weber has a military background and can relate to the military community well. Recommend for individual enjoyment and or small group study. The book is where the rubber meets the road.

Stu has summarized the makings of an authentic man and placed it between the the outer covers of this inspiring book. This book has made a lasting impact in my life even at 65!

This is an excellent resource for a small group of men seeking material that will help them open up to life changing spiritual connection, healing and communications. Use this book to help you and your brothers develop a better understanding of God's perspective of you and how HE would have you define manhood.

This is a GREAT book. Every REAL man should read it. While I disagree with some minor points of his 'religious' views, I completely agree with his 'PILLARS' of what a REAL man should be. This guy has credibility as a 'man'. He has served in the military so he isn't a whimp. If I could be even half the man this book explains, I would be satisfied with myself. Thank you Mr. Weber.

Stu goes back to the owners manual and gives a Biblical perspective of manhood. No wonder it is so hard to find role models for young men. The blueprints have been ignored, marginalized, and redefined. Give this book a fair hearing and let it be a guide in restoring the pillars of biblical manhood in our lives.

It was used as a men's bible study. Stu was a green beret so it is heavily leaned toward the macho man. Otherwise, it was very good and bible principles are well defined. I give it 4 stars.

This book made me question all aspects of my life and the current world. It made me analyze myself. The one thing it never did was shake my absolute faith in God. It confirms a lot of values and questions the current path of the family and the cause and effect. Great book.

This is an excellent read. It provides many answers all men need to hear to access your place in life and move through life as a Godly man.
