Art has been Olivia A. Kneibler's bliss since she was a very young girl. She majored in fine art in college and then went on to create illustrations for greeting cards, invitations, promotional materials, fabric, figurines, and even plush teddy bears. After years of working with different companies like Gibson Greetings, DecoArt, Leisure Arts, and more, she decided she would start working for herself and opened Olivia and Company, where she began drawing and doodling her popular dangles.

I absolutely LOVE the creativity in this book! The step by step process makes it so easy to create your own beautiful works of lettering art! I'm hooked and will definitely watch for future books by Olivia!!!

I can't draw but I figured I could learn to doodle when I write in my notebook. The letters are the challenge. The heart, diamond and dots squares, boxes and swirls are the easy part. Its a nice colorful book. I need a step by step illustration. For all those who can draw this is a breeze. Its the idea that peaks my mind. I will continue to try it until I can do it with perfection.

This book is SO fun - I haven't worked through all of it yet but just a few letters turned on making lettering even more fun - and my doodles too. For those who need a create kick start or just want to learn a fun new lettering style, I highly recommend!!!

So cool! Opened a whole new vein of creativity for me!! And, I'm applying the concept to other projects!! :)

I'm in love with this book! Just got it today and I'm having a blast with this. Every page is wonderful. The lettering and numbers are beautiful.

I have seen a lady in a class with this book. No where here in our city could I find this book. Not at any of the crafting stores, or bookstores. I was very happy to see that I could find it, and then order it! Exactly what I wanted!

It is a fun idea. Have been trying it. Wish there were more actual different dangles to select from.

This book was needed by me to give more ideas on dangles. We needed this book a long time ago!!!
