ENTERTAINMENT WEEKLY Twilight: The Complete Journey

Synopsis

A gorgeous all-access guide to the Twilight saga from the magazine whose writers and photographers covered the phenomenon before anyone else and better than anyone else. "The Twilight Journey" follows author Stephenie Meyer and stars Robert Pattinson, Kristen Stewart and Taylor Lautner on their wild five-year journey from the set of the first movie to 2012's "Breaking Dawn, Part 2." It's packed with funny, intimate, often shockingly frank interviews, as well as set visits, trivia, and dozens of now-iconic photographs. The book is not only a keepsake for fans to pore over but also a revealing portrait of an unassuming first-time author and three very different young actors coping with a fame so sudden and overwhelming that it not only transformed their lives but Hollywood itself. Includes five posters based on original EW covers.

If the product description of "Collectors Edition" wasn't a give away, just to let you know, this magazine is not your average EW magazine; it's quite sturdy and serves as a timeline of all the articles collected from the Twilight Saga since '08. It also features a collection of the best photos sessions of the cast + Stephanie over the years plus has 5 posters that were the best covers of the magazine. The articles are great if you don't have them already from past issues; the articles go through Stephanie's description on how it all started with a dream, followed by going movie by movie of the Twilight Saga. As this magazine was published before the release of the last installment of the Saga, it does not offer much new information or reveal of what will happen with Breaking Dawn

Part II, but it does have the only photo of Vamp Bella hugging Charlie, published as of 9/24/12 so far. As much as I loved this issue, I would have preferred for EW to wait till the last movie was released, as I expect that new interviews and photos from the premier will be stunning (hopefully). On a side note, I loved that on the back of the issue, it has the art of all the covers that Twilight has been featured on in EW. All in all, great for collectors, but I've would've preferred that EW waited for the release of the final movie.

There is not a store where I live that carries Entertainment Weekly so I was beyond thrilled to see this issue pop up I'm my recommendations. I ordered it thinking it to be the typical type magazines are. Soft cover, thin pages, and easy to wear out from repeated reading. Well, this particular issue is beyond all of that! Very nicely done, the cover is more along the lines of that which the director's book that have been published are made of when each movie was released. The inner pages are of a heavier quality and the pictures and articles are brilliant! The whole feel of this magazine is well worth the asking price and makes a nice addition to any Twilight collector's ever growing collection. Every fan should take a closer look at this issue of the magazine and purchase without hesitation! You won't be disappointed!

If you have been faithfully collecting the Entertainment Weekly Twilight feature articles throughout the movie's inception, then you already own all of these articles and photos, except the five posters and the introduction. Having them all together in one durable magazine is very nice, though. The thicker paper and vitality of the photographs make this product worthy of consideration, whether you own the newsprint originals or not. I'm certainly pleased.

Amazig! It has all the old articles and some (very funny) interviews from twilight, new moon, and eclipses! A very predictable magazine because if you have read all of the articles in the world on the twilight saga, then it will be a little bit of a disappointment. I loved the interview were Kristen, Taylor, and Rob talked about aylor carrying around baggys of mea! Lol. I also love the infographics! I think this is a good magazine to collect. It was a great one to add to my collection! I hope you enjoy it as much as I did! TEAM JACOB!!!

I don't think I could love this book any more than I do! I love Twilight like no other and when I saw this on my list, I bought it immediately!!! No hesitation!!! It was a great buy! I will probable end up buying another copy just because I love Twilight so much!!! If you are a Twilight fan, don;t hesitate

to buy this. It is awesome! Anything Twilight is great but I love being able to look back at what was and how it has evolved! I would buy this 10 times over!!!

It has everything a fan of the Twilight movies would want to read. It has the 5 cover posters. It has a section on each movie so the fan can read the articles on Kristen, Rob and Taylor; pictures from the various red carpet appearances; interviews of the stars. The pictures both in black and white and color show the stars from the very beginning in 2008 to 2012 Breaking Dawn 2. A real collector's item.

They showed this looking more book-like in the magazine it was advertised in. Though the material is two-hard-worthy, there's not a lot of "meat" to it - and if you've been reading up on the saga from its inception, you've already heard all of these stories and have seen most of these pictures. Contains posters for anyone who still puts those up on their walls, but more of a perusal magazine than a keepsake twilight item.

This was great, loved the pictures! I wish they would keep the saga going! It came real fast too which helped my obsession!
