Customer Reviews

Don't bother. Complete waste of money and time.

I think this whole series is really great. I've read a number of these and I like this one because it gives more options as an overview. Highly recommended.

I would give this book more than five stars if i can. Croatia and Turkey are one of my favorite countries. My parents used to always take me to family vacations to Croatia or Turkey, so i can say for sure that this book is very accurate. The rest of the cities look very interesting to me and i think this book will help me a lot if i decide to visit one day.

I can't wait to get on the road! I'm planning a trip in a few months and this is a fount of information. I've talked with some of my friends in other countries and this guide seems to be very up to date and accurate.
