Customer Reviews

I have always wanted to go to Venice. This book has some great information--including the best times to visit. This book covers the history of Venice, what the buildings themselves stand for, and how the city came into being. This book will help you find your way around the city and will make sure you see and enjoy the spellbinding sights and buildings. This book gives the reader a fascinating viewpoint of Venice and has a lot of vital information to keep in mind especially when it is your first visit to Venice.

This was an easy read book that gave me the tips I needed for my very short 2 day stay at Venice and make the best of that time. I was able to find a very nice and very reasonably priced restaurant and some amazing sites that you wouldn't usually see as a tourist. I would suggest this Book to anyone going to Venice on a long or short stay. I'll definitely be using it as a reference when I return.

I chose this rating because this book is quite succinct. I know Venice fairly well and it is a well compartmentalized book. Most exciting is the instant access to websites so that you could be walking in Venice and find your way! If you wanted to! ... even with the help this time, I do plan to get lost again in Venice. Even that is recommended in this small but wonderful book! I look forward to reading the Vienna and the Budapest editions as well.

Very helpful as a quick guide to the main attractions in Venice. The embedded links are a great and helpful idea. The transportation chapter and quick history were exactly what I needed in preparing my first trip to Venice.

For many people traveling to Venice is a dream come true. Venice Travel Guide is a great book that lays out crucial information you need to know before arriving in Venice. The book is laid out in nine chapters. Chapter 1 and 2 provides an introduction and historical background on Venice while chapters 3 & 4 provides specifics about the city's establishment and geographic information. Chapters 5, 6 and 7 discusses transportation, safety, museums and other attractions of the city. Chapters 8 and 9 include information on variety of restaurants, nightlife and a sample 3-day itinerary. The instructions and information in the book are concise but clear. For example; in the chapter regarding museums there is brief intro, timing, address and phone numbers. Overall, good guide.

Wonderful little book! If you're looking for an easy to read and understand guide to Venice then this

is the book for you. It goes over the history of Venice and how it came to be what it is to day. It also gives a general description of the city as well. There are dozens and dozens of attractions the author goes over in this book. His 3 day itinerary is very beneficial to plan your trip in advance. I was please to see the author included a description of the night life in Venice. I find when traveling this is a great way to absorb myself in the culture of a city.

Good information.
