Aliens: Bug Hunt

Synopsis

Eighteen brand new stories – exclusive to this collection – featuring the Colonial Marines in bloody conflict with the deadly Aliens. ALIENS: BUG HUNT will send the marines into deep space, to alien worlds, to derelict space settlements, and into the nests of the universe's most dangerous monsters.

Customer Reviews

I enjoyed reading the e-book Alien Bug Hunt. I was expecting the book to be more similar to the movies. For the most part, the stories are distant relatives of the movies. I liked some of the stories and hated others. In some cases, the alien creatures won, and in others, the Colonial Marines won. For the most part, the Colonial Marines that took part in any action were on their own to win and survive or lose and die.

A great collections of short stories that flow well with developed characters from the movies. I didn't want the book to end. Wish there were more editions just like this one.

I guess the movies Alien and Aliens spoiled me for I was expecting better than what this book provided. Most of the stories were tepid and not really interesting. Read it over the course of two days just so I could finish it but it was a struggle.

I have read almost all of the Aliens books and this is one of the best. Nice work.

Now I'm biased, since I know one of the authors, but as a xenomorph fan of many years, this collection of tales was a fun ride!

Loved the variety of short stories here, surprise endings, other endings that left me wondering. Felt like I could really see the soldiers' point of view. Loved the heroes and how the soldiers work together. Will be reading these again and gave to my husband to read.

Good short stories of colonial Marines. Wish we could have more Ripley and Call

Always enjoy anything Maberry is involved with.
