Taken By The T-Rex (Dinosaur Erotica)

Synopsis

Warning: This is a tale of beast sex. This story was written to unlock your darkest fantasies and innermost desires. It is not for the faint of heart and is not your mother's erotica. All of the sexual descriptions found in this audiobook are very explicit in nature. It's not suitable for someone under 18 years of age. Listen at your own risk. Drin is her tribe's chief huntress; she lives for the thrill of the hunt. Men and sex hold no allure for her, as Drin has never found a partner to satisfy her. When a T-Rex descends upon her village, destroying it, Drin demands that the tribe's hunters go in search of the beast and slaughter it. Opting for safety instead of revenge, the tribe moves to a new location, hoping that the big beast won't follow them. It does. Drin taunts the beast, giving her tribes mates time to flee. As she runs, leading it through a gauntlet of traps, the thrill of the hunt soars through her blood, leaving her wet with desire. When the angry T-Rex corners the huntress in a box canyon, it seems more interested in her wet womanhood than in her flesh.

It is very uncommon to find accurate depictions of dinosaur on woman sex. If, like me, you have found it increasingly difficult to satisfy your need to recount old times, then this literary masterpiece is for you. No other author has truly been able to both arouse and entice my intense desire to mate with a T-Rex as accurately and successfully as Christie Sims. I would not be surprised if this book outsells the Bible and brings about a new age of literary enlightenment.

I can't put a star rating on this. This kindle book was purchased as a joke to read around the

fireplace with some friends at a Kentucky retreat. And for that, for the money, this book was a good buy. Unfortunately, only a few pages of this book are (hilariously) sexually explicit.

It was so wrong, but erotic! The author is pretty hilarious if this is satire. Please be satire, please please be satire.

Step 1: Find something that no one is having relations with, such as a dinosaur, centaur, or toaster oven. Step 2: Write and publish a 17-page ebook featuring someone having relations with that thing. Step 3: Profit!

A friend recommended it, so I wanted to see what the big deal was. I don't get it- the writing was kinda flat, the descriptions were so-so, the feel of it was just ok, I guess. Yea, the concept was cool, but beyond that, what is there?

I read this story because of Vaginal Fantasies book club. It's was just so weird sounding I had to read it. Not the best writing but fun none the less. Get your wired on. Lol

Everything you've heard about and more, this story is just as awful as you'd imagine it to be. I'm giving it two stars because anything this bad deserves points for originality.

Uses a lot of dirty words and is pornographic, but is not erotic.
