Customer Reviews

This is a great book on Wheat Belly Flat Abs. All of the things and tips that I need to know about Burn the Wheat & Burn the Pounds are already included and well written inside. Diana Watson has done a good job in compiling and creating this book. Also the unique part of this book is the compilations of the "Tips on how to eliminate wheat, and encourage weight loss". Very informative and helpful. The book is worthy of attention! I highly recommend this book to all.

Very interesting book. Good to understanding what is wheat and why it is bad. Information about ketogenic diet is also very helpful. Consist a lot of useful tips and tricks about diet. Recipes are very easy and looks very delicious. You can cook breakfast, lunch and dinner from this book and have

delicious meal.

I learned so much. I took Wheat out of my diet for a few weeks and when I ate it again, I immediately cramped up. The subject is well explained and interesting enough to keep listening. The subject is vital to everyone's health. It's not just about gluten anymore.

Informative with a lot of recipes and a narrator that is easy to listen to. Great value. !!!

I've been following a low-wheat-diet plan since a very long time. In the past year I had let some grains back into my diet. I followed the plans in this book by heart and down one pant size, feel awesome! Now I am following a straight and narrow diet plan which say, no grains, limited carbs, no sugar and this book definitely gave me the abs I wanted.

Wheat Belly Flat Abs: Burn the Wheat & Burn the Pounds covering the crucial aspects of weight-reduction plan. The e-book starts with description of wheat belly weight loss program, errors to avoid whilst on weight loss program..You can still locate plenty of recipes, whilst on eating regimen. Recipes are tasty, easy to put together and they're healthy.
