Dating Game (Danielle Steel)

Synopsis

In her 57th bestselling novel, Danielle Steel brilliantly chronicles the roller-coaster ride of dating the second time around and tells a captivating story of the surprises one woman encounters when she's thrust into the terrifying, exhilarating world of the Dating Game. Paris Armstrong never saw it coming. With two grown children and a lovely home in Connecticut, Paris was happy with her marriage, her family, her life. So when her husband of twenty-four years said they needed to talk, Paris couldn't imagine what he was about to say. "I want a divorce," Peter tells her. Just like that, the husband she adored had dumped her for a younger woman. And just like that, Peter and his thirty-one-year-old lover had made their plans for their future, leaving Paris to pick up the pieces of a shattered life. Within days, Peter was gone. And Paris was left to figure out how she intended to get through the next day, let alone the rest of her life. The task could not have been more painful. First came the tears. Then the excruciating attempts by well-meaning friends to "fix her up" with men who paled in comparison to Peter. Worse yet, she still loved him. Finally, Paris realized she was in a fight for her very survival. Drastic measures were called for. Even her shrink agreed. It was time to move as far away as possible, just after Peter remarried. Paris had never felt, or been, more alone. Saying good-bye to the world she knew and loved, Paris heads west, to San Francisco, and discovers being single in a world full of men who were too young, too old, too married, or too good to be true. For Paris, the list seemed endless...the charming commitment-phobe...the drunken Neanderthal...the young Frenchman so adorably sexy she almost forgot about his age, and did, for a while. With her dating track record veering between disappointing and disastrous, and her daughter now engaged to a man Paris's age, Paris finally comes to the conclusion that romance is not in her future. That's when her small circle of offbeat, loving friends becomes more important than ever before. And a decision Paris makes only for herself changes her life once more. The secret, she discovers finally, is in finding the gifts in life's unexpected twists and turns, and turning despair into freedom and loss into joy. In a poignant, wickedly funny novel about getting dumped and getting over it, about tackling life with both courage and laughter, Danielle Steel explores what it means to start over, whether you wanted to or not, and finding something better than you had before. From the Hardcover edition.

Customer Reviews

Poor Paris, dumped after 24 years of marriage and not so successful at the dating game. But when Paris turns to a new circle of friends, her life starts looking up. Copyright 2002 Reed Business Information, Inc.

The numbers say it all. This is novel number 47. Over 500 million Danielle Steel novels have been sold the world over. The market for Dating Game is described by her publisher as 'millions of loyal fans'. It seems safe to conclude, then, that the new novel by Danielle Steel does not represent a radical new departure for the author. She has not discovered chick-lit or cyberpunk. Dating Game is not an experimental novel, except in the sense that it is always an interesting experiment testing whether you can produce the same result with the same formula. Condensed version? Thrust into the world of contemporary dating by an unexpected divorce, Paris Armstrong eventually triumphs through adversity. Not to all tastes, but 'millions of loyal fans' evidently disagree. --This text refers to the Audible Audio Edition edition.

Likes this storyd. My heartb went out to Paris. Was happy when she finally met ANdrew and Hope. HAVe to wonder how many people have had the experience with dating that Paris had.

Tells it like it is to be disappointed in love, deal with loss, loneliness, fraud, and deception. But shows you how you can turn your life around, be victorious, and never totally give up. This tale delivers hope, wisdom, inspiration and deals with longsuffering and becoming valiant in the end.

Did not want the story to end. I liked everything about it. Love your style of writing. Look forward to the end of the day to get to it. You are gifted. Thank you for sharing your gift with others. Next please...lol

Awesome. I am a huge fan of Danielle Steel. I have read all her books sometimes twice. I will buy any books she publishes

I loved this book! There always is a gift amongst the pain

The best divorce counseling, diversity management skills, and motivation counseling I have ever read all nestled in a fun to read book. Danielle Steel this should be a novel based on the strength of a mother and a woman. Loved it.....

Another great one by Danielle Steele! I hate for it to end. She is the only author who captures my attention

Love the way Danielle Steel weaves a book together. She makes you laugh and cry over her characters. This book is about change and adapting to the changes
