This is a wonderful book! Miriam Gourley is a good doll author. The very first doll book I ever used to make dolls was by Miriam Gourley. So when I saw this book for sale, I knew it was a very good buy. There is a wonderful variety of dolls. She is so creative.

I came upon this book by accident, in a stack of books contributed to our neighborhood center for its yard sale. I took it home, studied it and decided to buy my own copy so that the center could still make some money on it (they'd have given it to me for nothing because my husband and I tutor GED students there). The dolls are attractive and the instructions are good. The book makes a fine addition to my soft-sculpture library.

Wasn't really what I was looking for.

A wonderful collection of many types of cloth dolls. The patterns are easy to copy and the clothing is included.

Very easy to follow directions. The dolls are all very different! Love this book!!

Look at the color pic on the cover of Miriam Gourley's book for an idea of just how varied and fun her dollmaking ideas and patterns are. Lots of great patterns (10 I think?) She shares techniques and tips, many secrets of successful dollmaking.

Very nice collection of dolls

Many choices of unique dolls. Not a book for a beginner. Some dolls quite involved. Photography is great.
