Customer Reviews

The book is a great size for traveling. I personally wanted it for our "church bag." I couldn't seem to find much information on the book before I ordered it, but having other books that Val Chadwick Bagley has done, I figured I'd like it. The pages and puzzle pieces are a soft foam, which is nice for that quiet factor during Church. My children are 5 and 7 and they easily do the puzzles by themselves, first taking out the pices for one puzzle, breaking them apart, then putting them back in. They occasionally have a problem though getting the pieces to fit perfectly. It seems the material they are made out of is both a blessing and a slight frustration. Overall the pros outweigh the slight con, and the kids love the illustrations and that the animals go A-Z in the book. When you take out the pieces there is still a black and white illustration underneath for kids to use as a guide. It includes 5 puzzles in the book. Overall, I'd say it was definitely worth the cost, I just hope it holds up over time. We shall see (I'll update my review once it's been in use for quite a while). The foam hasn't bent yet so I think it will last many more Sundays!

I have five boys under 7, and my only complaint about this book is that there aren't more of them! This is the sought after item on Sundays. Please, please, illustrate and produce some more!!
