Tethered Wings (Hidden Wings Series Book Three)

Synopsis

Back from their quest into the Underworld, with the threat of Lucian hanging over head, Emma is faced with yet another problem—the Immortal Bond. The bond surpasses any reason and is something so complex, not much is known about it. Once an Immortal Bond is made, it is forever. A conjoining of two fated hearts, destined to be perfect companions. Emma's heart, already bonded with her Guardian, Kade, has unexpectedly and inconveniently bonded with Ethon, the son of Lucifer. Now she is faced with a decision she doesn't want to make. Both want nothing more than to love and protect her. With the arrival of new company and old friends, things are bound to get heated.

This book pulls the broken pieces of Emma's life together and puts her back together. It's not a perfect fit of who she use to be, it's a better, stronger Emma who is ready to move forward and take a stand. I cried and felt my heart break with her. I also enjoyed her moments in the sun. I look forward to the next chapter in her battle, and its set up to be something spectacular!

This entry in the series was a little less intense than book 2 but still completely enjoyable. In this one we get to see more of the secondary characters like Lia and Jeremy and Courtney and Caleb. And there are some pretty amazing moments with them like the Masquerade Ball. The love triangle and the back and forth that goes with it is in full effect in this book and that seems to be the main conflict of the story. The other story lines as far as Lucian and whatnot are still involved but it doesn't seem to be the main focus. The ending of the book brings about some new information and our favorite characters may still be in some pretty serious danger. Just goes to show don't make a deal with the devil and expect to not get burned (as any Supernatural fan will tell you) all in all I thought it was a pretty good book, it hit the high points and was paced well, I did want to know more about Jeremy and Lia and Caleb and Courtney so that was one of the strengths for me in this one.

How have I not reviewed this book. I love all things Cameo Renae and this book did not disappoint. Emma is back from the underworld, but is now bonded to 2 completely different men, Kade her guardian angel and Ethon, Lucifer's son. Who will Emma choose? Emma continues to grow her relationships with Elise and Samuel along with her mortal friends. Oh and of course there are the other Guardian Angels and their shenanigans and support all around. Dominic is my fave. I am in love with this series!

So many feels! Book 3 in this fantastic series leaves you with a stronger bond and love for these characters! A lot happens in this book, but it is nothing like Broken Wings. There is still a bunch of fighting, but you really get a deeper sense of who all the characters really are. Lia and Jeremy come for a visit during the majority of this book, so that adds tons to the danger level, and laugh level! True to form this book cracked me up! And almost, ALMOST made me second guess the awesomeness and perfection that is Kade, almost, but only for like 1/2 a chapter. But that is just not gonna happen. There are no low points here, you are always at the edge of your seat, whether with intense and dangerous situations, emotional and/or beautiful ones, or just fun playful moments that leave you laughing. Also like the others in the series, chapter 1 takes off literally seconds after the previous book ended and Emma is still true and honest and strong. Although, after reading the end of this book, I am dying to see what she is going to do with the crazy situation she has found herself in. Off to read Gilded Wings.....

Need a wings sweatshirt? Read this series for the details. This series is Mother/ Grandmother

approved grade 6 and above. May need to install word wise for younger readers but it is not a difficult read. This is also fun for Mom who is bored with overly sexy novels!

First off, I want to say that I've read the entire series and I really enjoyed it. I love paranormal, urban fantasy, sci-fi, etc books, and when you throw in some appropriate romance that actually fits and works with the story, I'm hooked. BUT, this series was riddled: 1. with excessive commas - most used incorrectly 2. extra words or missing words that threw me off 3. misspellings 4. in the beginning of the book, the best friend is spelled Leah, then it's corrected to Lia (as it's spelled in the previous 2 books) 5. sentences are restated but worded slightly differently, and on and on. I'm no writer, just an avid reader, but these mistakes completely threw me out of the story because I had to read things over, and they irritated me because they didn't improve throughout the entire series. I'm only reviewing this book because it's the only one I bothered to take examples on. Here are a few: Chapter 6 "...as protection from of Lucian's attempt to..." "I'll pluck out your freaking feathers out..." "I wondered how long he was above us, or how much it heard." Going from a person to a pronoun? Chapter 7 "How many Darkling were there?" I asked. "At least five dozen," Samuel answered. "How many Darkling are there?" "More than we can count," he said. Chapter 10 "...watched Lia freeze as she caught sight Dominic." Chapter 15 "I still can't believe their gone." Again, I loved the series! I won't recap it because that's what the book description is for. Renae did a good job developing the characters and I couldn't put the series down, but these examples are littered throughout the series and put a damper on it for me.

A nice, cute series. No graphic details, good for younger teens. A fantasy series about angels that, although they are short books, keeps your attention and leaves you unfulfilled until you find the next in the series. Glad I waited to read this until all the books were released. Overall, a little immature for my taste, but still worth the read!

Tethered Wings is the much anticipated third instalment in the Hidden Wings series. Although there is less action in this book, the romantic moments between Kade and Emma totally make it worth the read. Dominic's one liners in fact should be one of the sole reasons you should pick this book up. He had me chuckling all the way through. Then there is Ethon. Now I love a good love triangle, and great one liners, and Ethon has some of the best, especially when he's talking to Jeremy, Emma's human best friend. It's a total swoon- worthy read that was over too fast. I can't wait for book 4, Gilded Wings!
