Customer Reviews

This book is very repetitive, but repetition also helps improve memory and I did learn a little bit. I just wished I could've learned things faster and easier than repetitive exercises.

This came fast as well with the other reading book I ordered. The condition was awesome as well, it wasn't used so I was able to use it for my reading class. There was nothing wrong with it. I would recommend if you need it for your reading college course.

Perfect for my class!

Great Vocab BookIf you're using this for vocab for class I would also highly suggest going to the townsendpress website and studying with the online practices until you got the words drilled into your head. (This method got me A+'s on all my Vocab Test that consisted of the whole unit,50 vocab words)

nice book

Great book that we added for homeschooling-- just enough for supplementing our language arts curriculum. It includes tear-out unit tests at the end of each chapter. Good quality paper and texts is rich, easy to read.

Just what my teacher asked for!

Item received very quickly. I was extremely impressed.
