Customer Reviews

Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

There is no song title listing in the description for this book and so before purchasing it for my daughter I searched out a list of what to expect when it comes in. Breakeven..... The Script Fireflies..... Owl City Halo..... Beyonce Hey, Soul Sister..... Train I Gotta Feeling..... Black Eyed Peas I'm Yours..... Jason Mraz Need You Now..... Lady Antebellum Poker Face..... Lady Gaga Viva La Vida..... Coldplay You Belong with Me.....

Taylor Swift and more... The books came in pristine condition and packaged nicely. I know she's into the lady's and Beyonce but we'll have to see about the rest.

Has 15 fun songs to play. All are fairly easy. The music has a few minor problems. Like a missing rest. The biggest oops is the ordering. One of the songs, use somebody, was moved to the back of the book. But on the CD it wasn't retitled. so the song says its use somebody but is playing viva la vida. And after that each one is titled wrong. It has a little bell sound for each note you should play so you get the timing right. Its both helpful and annoying. I dont use the cd. I get an instrumental off of YouTube. It sounds a ton better than the cd.

Not my cup of tea. Most songs need to have guitar intro. I think free downloads for violin solos are a better bet. You can find violins on line that have not only .pdf downloads, but listen to them played by experts besides.

Great product for the price! The song list is as stated, popular hits that kids love! Easy instructions and guide to help anyone wanting to learn these songs. Definitely would recommend!

He didn't really like the old songs and it isn't for beginners for sure, but for the right person it's great.

I bought this book for my wife who is a beginner to violin and she loves this book, I am glad I bought it.

Songs were composed well, easy to play and could be very easily recognized! Has the sheet music for the melodies unlike others who just have the harmonies. Definitely my favorite book I've purchased!

Excellent book for intermediate violin players. Great songs!!
