Customer Reviews

I am recommending this cookbook for the orange chicken and chicken and corn soup recipes alone. I haven't made anything else. My kids love Chinese food and I'm trying my hardest not to buy orange chicken out of the freezer section at Costco. So in that regard this has been a success; they love the food. I am only giving 4 stars because, as others have mentioned, the recipes are in dire need of editing.

I love Chinese food and I LOVE using my pressure cooker! These recipes are easy to follow and delicious. I like the variety of recipes (vegetable, seafood, meat). If you like cooking Chinese food at home, give this book a try and cook Chinese food in your pressure cooker.

I love my Instant pot pressure cooker and these recipes are some really delicious and easy to prepare. Thank you and enjoy your meal and your day.

This book provides good, but not inventive recipes. Also, not much of healthy choice or variety of recipes. However, some good basics.

I love Chinese food but I love it more when it is home made and this recipe book makes it easy and it is so tasty. I have never found it easier to make than using a Pressure Cooker

I've only tried one recipe so far, but the others look like they might be good. I've found electric pressure cooking takes some experimenting.

these weren't the greatest recipes listed. :/

I have only done a few recipes but I'm totally in love with the orange chicken recipe in this book. The flavor is amazing.
