The Perfect Neighbor (The MacGregors)

Synopsis

#1 New York Times and USA Today bestselling author Nora Roberts enchants again with this beloved classic about the passionate and headstrong MacGregor family. Brooding loner Preston McQuinn's new apartment, like his life, is just the way he prefers it—dark and empty. But when sunny Cybil Campbell comes barging into his well-ordered gloom, he can't deny a grudging fascination with his bright, bubbly neighbor. Preston thought he'd closed the door on love for good, so why is he suddenly longing to open up his heart to his incredibly perfect neighbor?

Nora Roberts is the #1 New York Times bestselling author of more than 200 novels. She is also the author of the bestselling In Death series written under the pen name J. D. Robb. There are more than 400 million copies of her books in print.

I liked it but I had already read it before.

I have the whole series. Love reading them and yes more than once. They are wonderful stories and the McGregor is a man for every woman

I love Nora Roberts, her books are fantastic!!!

This a family pretty good.

The mixture to two different and yet charming characters makes for excellent reading. If you have been following the MacGregors and their developing love stories, this one just add to the enjoyable mix.

When I read the first one, I loved it but it took me till 33 per cent thru before I got into it. They were all good but got a little boring. I felt like I couldn't wait to finish so I could get on to something with more oomph to it. One or two were fine but the whole series was a bit much and I love Nora Roberts.

I love Nora Roberts books. I have all of them in print, and am working on them in audio cd.

The MacGregors. It's like returning to your family. Amazing book. Nora Roberts is genius. All of are books are! You should all read it.
