Customer Reviews

kids love these books and they are great to read over for more information

Book was what I had expected but really should have gotten something a little more advanced. I was wanting to use it for my own art work.

I have bought these books for my classroom. I teach Pre-K. The three of the books are higher than Pre-Kindergarten level but I think if you want to introduce an artist and his art; you can modify your lesson while using these books.

great intro to Picasso

We bought a couple of these for our 8-year-old nephew who has an interest in art for his birthday on a recommendation from a friend. His mom said he loved them & continues to read them.

I read this when I was a kid and fell in love with Pablo, as many have... Read it to my niece and it still didn't disappoint.

Fantastic for grades k-8

Got for my 10yr old who loves art. Written to relate on kids level with lots of factual information. He really enjoys it.
