Best Sellers Rank: #181,652 in Books (See Top 100 in Books) #8 in [Books > Travel > United States > Massachusetts > Cape Cod](#)

Customer Reviews

This map shows just enough detail to keep you on track, but not so much that you can't follow it. It shows you the lay of the land, gives a nice picture of the flow of the Cape. The individual maps of towns like Provincetown and Barnstable are clear and readable. This is not true of at least one other map I bought. The plasticized paper makes this map waterproof and durable. This is the map I'll be taking with me to Provincetown this summer.

Great foldable plastic coated map of Cape Cod we needed for our vacation. The folds did eventually break down after lots of bending and folding during our trip. Great for overall look at where you are. I did not give this 5 stars as many streets were marked but not named and we did end up needing that level of detail when driving off the beaten path. So, if you are that type of traveler, might want more of a street map. If not, this one will do fine.

Waste of money, as far as I can tell. I thought it was going to have more detail. Could have gotten the same thing on-line for free.

Just returned from Cape Cod and wanted to see where and how far we went. It's a great map!

jimapco makes great maps
