Alternative Methods Of Dispute Resolution

Synopsis

This text offers a functional approach to dispute resolution with its array of interrelated processes. Students learn distinguishing factors, advantages and disadvantages of each process, and how to select one process over another to create dispute resolution strategies. Part I introduces methods of dispute resolution and the participants. Parts II through VI consider different dispute resolution processes, grouping methods of each process by purpose and participation, advancing from the least technical to the most technical process. Part VII explores a dispute resolution strategy. Chapters are arranged to facilitate instruction, as each process has its own chapter. Chapter concepts are illustrated by examples, and examples are followed by problems, giving students opportunities to find solutions and develop their reasoning skills as they apply each concept. Every process chapter ends with a chart that outlines the attributes of that process, and follows with review questions that include new terms, true/false, fill-in the blank, multiple-choice, and short answer formats. Chapters on negotiation, mediation, and arbitration offer role play exercises that can be conducted during or out of class. Judicial options explore more difficult concepts, showing students how the courts handle dispute resolution issues when the outcome is not certain. A number of Web sites have also been cited throughout the text so students can conduct further research, and the glossary and extensive index provide quick references. An Instructor's Manual includes suggestions for developing a course syllabus for courses of varying credit hours, answers to the problems in the text, and answers to the review questions at the end of each chapter.

Book Information

Paperback: 480 pages

Publisher: Delmar Cengage Learning; 1 edition (August 2, 2002)

Language: English

ISBN-10: 0766821102

ISBN-13: 978-0766821101

Product Dimensions: 8 x 1.1 x 9.2 inches

Martin A. Frey, BSME, JD, LL.M., is a Professor Emeritus at The University of Tulsa, Tulsa, Oklahoma, Senior Adjunct Settlement Judge for the United States District and Bankruptcy Courts for the Northern Districts of Oklahoma, and was the Reporter for the Civil Justice Reform Act Advisory Group for the United States District Court for the Northern District of Oklahoma. He was a professor at Drake and Texas Tech Universities and a visiting professor at the University of Maine, Washington University (St. Louis), the University of Alabama, Wake Forest University, Stetson University, and Florida International University. When teaching, Professor Frey served on a number of site visitation teams for the Section on Accreditation and Admission to the Bar of the American Bar Association. Professor Frey currently volunteers with the Financial Crimes Unit of the Tulsa Police Department. He is the author or co-author of "The Little Black Book, A Do-It Yourself Guide for Law School Competitions" (Carolina Academic Press, 2002); "Alternative Methods of Dispute Resolution" (Delmar Learning Thomson, 2003); "Introduction to the Law of Contracts, 4th Edition (Delmar Cengage Learning, 2008); "Introduction to Bankruptcy Law, 6th Edition (Delmar Cengage Learning, 2013); and "Essentials of Contract Law," 2nd Edition (Cengage Learning, 2015).

In good condition

I have just finished my third year of legal studies. Thirty-six courses and over thirty-six textbooks. This was for my last class. This is the first textbook that is really done well and totally covers the subject.

Great price. Much cheaper than the bookstore. I wound up cancelling out of the class at the last minute but I still may use the book later. Thanks.

This is a basic book on ADR. It is very informative with easy to understand explanations. It explains the various forms of ADR, including the pros and cons, and when they should be used. Anyone interested in ADR would have a good understanding of the process after reading this book.

The book was in great shape and I received it without any delays or problems.
