Deutsch Heute (World Languages)

Synopsis

DEUTSCH HEUTE successfully develops the skills of introductory German students by maintaining a focus on building listening, speaking, reading, and writing skills. Manageable for two-semester courses, the Tenth Edition covers grammar in a logical sequence. Each chapter contains many function-based activities that focus on specific emotional expressions. Students are introduced to contemporary life and culture in German speaking countries through a cast of recurring characters who appear in the "Bausteine für Gespräche" (dialogues) and in some readings and exercises.

Its is a text book after all, still, I think the book is poorly ordered for a language book and rather confusing at times.

I bought this book new at my college bookstore which set me back \$288. I thought that I could get it cheaper somewhere else and looked online and found this on for more than \$100 cheaper. I thought I hit the jackpot by saving \$140 bucks, but I got the book today and it wasn't wrapped like how I got it at my bookstore and it didn't come with a CD, which I can only assume will be necessary for my class. I'm very disappointed and if I go to class tomorrow and find out that the CD is in fact needed, I will probably need to ship this back and keep my book from the bookstore, because even though it was significantly more expensive, I'm not going to get cheap with my education and let not having the CD potentially put me at a disadvantage.

This book is whatever I want it. It is a good book with a good quality. It is good to have it.

I ordered this book before the semester started, then I decided to send the book back because I found a cheaper book. I followed the instructions to return it and they never returned my money. I will never deal with these people again!

I had to buy this book for my college German course, and this book is excellent! Arrived at my house with no damage or scratches at all! 5/5 product from Cengage + Jack Moeller!

This book was exactly what I needed for my college German course and it was wrapped in plastic and brand new!

Hello, I've been using this book for an online German class, and though the book itself is great, I want to warn prospective buyers that this book, both Kindle edition and Hardback from doesn't include the book key in order to use the online version of the textbook. You need to purchase both this edition and then spend an extra \$130 on the book key, if you happen to need it. If you do not need the book key for your class, then this doesn't matter, but for me it was a deal breaker!

The design and content are clear and concise-- I was able to use the book to study on my own with no trouble.
