Barcelona: The Best Of Barcelona For Short Stay Travel(Barcelona Travel Guide,Spain) (Short Stay Travel - City Guides Book 6)

Synopsis

BARCELONA TRAVEL GUIDED Discover the Best Barcelona has to offer in just a few days! If you are planning to go to Barcelona for vacation or business, and you only have 2 or 3 days and you want to make the best of your short stay, then you have come to the right place. The focus of this book is to make your short stay one of the most-memorable experiences of your life. The goal of this book is not to squeeze everything the city has to offer into 2 -3 days. The goal is to show you the best of the city in a short time. I know people like different things, but Barcelona is such an amazing city that even in a small area you will find a variety of things that will fascinate or interest you. If you are looking for the encyclopedia of travel books, then don't buy this book. This book is for a short stay traveler only! We focus on the best the city has to offer. Here Is A Preview Of What You'll Learn... The Quirky Side of Barcelona Getting to know Barcelona Best Shopping Areas Transport in the City Museums and Art Galleries Where to Eat in Barcelona? Barcelona's Festivals How to be Safe in Barcelona Much, much more! Download your copy today!

Customer Reviews

Barcelona looks like a beautiful place to visit. This guide included some wonderful picture, tips, and advice for traveling there. It was an easy read full of entertaining information and the ins and outs to traveling to Barcelona. Transportation is always an issue for me when traveling and I was glad to see that the author discussed the safety of different travel methods in good detail. This book was a little different than most travel guides and I enjoyed the author's tone and the flow of each chapter. It's a must read for anyone interested in traveling to Barcelona or just wanting to know more about it.

I really love how this book has manage to collect all the best places to go when visiting Barcelona. This book contains information on everything and anything you need or want to know about Spain. In this book you will learn about things ranging from their history and political standpoints to the most beautiful places to visit. Whether you are trying to write your next paper or are on your way to visit Spain, let this book be your guide. Spain is one of the best places to visit. Very good. Every detail is included and it is so obvious. I don't know whether the information comes from research or personal experience,

I will be travelling to Barcelona in the next few months and since this will be my first time there, I wanted to grab a travel guide as I always do before I travel somewhere. The difference here is that on my previous trips so far, I always had to go through literally hundreds of pages as most travel guides are quite detailed and extensive. Since my stay there will be short, there is no point of spending all that time reading such an extensive travel guide. That's mainly why I grabbed this one and I found it very helpful indeed. If you are planning for a short few-days stay on Barcelona, then you will definitely like this guide.

Another great travel guide by the author. I have a few of his. Always great to be able to chat about a foreign place even if u do not have to visit there. And it is definitely a great tool to have when visiting. Well written, informative and a pleasure to read.

This ebook is cheap, but it is not good value. The cover is the most professional part of this sloppy, short work, which seems to have been dashed off in an afternoon. The writing is poor, and the information sparse. For example, restaurants are indicated only by name, no address.

This book tells you nothing. Stick with Rick Steves. His books are much better and more

informative. Pocket Barcelona is very good.

Not a lot of info here. Just a few pages but it is useful as an overview to the city.

Very limited information in a very short book.
