I found this book in response to doubts that are assailing the youth in our youth ministry. The youth leader says it is well written and addresses the topics in a way that is easy to present to his students. He is starting the study this Sunday and is looking forward to helping those youth who are questioning their faith.

I wanted this for a young women's bible study I held this summer for teen girls. The questions were the ones we wanted to cover, but the study was awkward and doesn't take into account that teens

don't like to talk as much as interact. I'd pass on this one.

Thank you!

I do not know if I will use these lessons exactly as they are but they sure have gotten me thinking about potential lessons with my High School Bible Study. Some really good ideas. I think I will be able to get more than thirteen lessons out of it just from the ideas I come up with after reading through it.

Great for an introductory Sunday School class! Helped me out a lot being a new teacher. Great lessons and handouts help out a lot

I bought this for my fourteen year old daughter. The questions are on-point and appropriate for her age group. This book is geared for teenagers and Bible study groups, which I think would be also appropriate.

I teach a 7th grade girls bible study. This book has been very helpful to me as I attempt to answer the many questions that middle schoolers have about faith in God. Worth every penny!

We are nearly complete with this book in the high School Sunday School that I co-teach. In my opinion, the lessons we fairly well put together, and I usually had to skip over some section of the lesson to fit it into our 50 minute teaching time. As other reviewers have stated, the questions are put forth, and some guides for answers are given, but it is more of a starting point for the youth to work out the answers in their own mind. This works well with a more mature youth group that already has a strong foundation. It will definitely make them think. You also need a group that is willing to openly discuss things, which I know is not always the case for Sunday mornings. Be advised that some of these lessons do bring up difficult discussions that will make some of the youth feel uncomfortable. My son is a Senior with a fairly strong faith, and there were several lessons that he told me afterward that he found difficult to handle. However, I would rather the youth explore these topics in the safe environment of church than with those who may be trying to pull them away from the faith.
