Mandolin Gold: 100+ Of The Most Popular Selections

Synopsis

This wonderful collection of music for the mandolin includes bluegrass; old-time fiddle tunes; classical music (including the complete solo part for the Vivaldi mandolin concerto and the "Canzonetta" from Mozart's "Don Giovanni"); American, Irish, Jewish, Russian and Italian songs; reels; jigs; hornpipes; hymns and gospel songs; minstrel songs; patriotic; blues and jazz; children's songs; and cowboy and country ballads. This collection consists of over a hundred selections in standard music notation and TAB. Lyrics for singing and chord symbols for optional accompaniment is included. Also included are tremolo exercises, a guide to fingering, chord charts for guitar and mandolin, the history of the mandolin, and interesting comments about the history and performance of each song.

Customer Reviews

This is one of my first mandolin books. I got it when I had been playing a couple of weeks. It has many tunes that I had never heard, and many I have. The arrangements are easy, with easy double-stops, fun to play. I will probably outgrow it soon, but as I grow in mandolin, I will also grow in my ability to enhance simple arrangements more automatically. Nevertheless, it is a lovely and useful book, especially if your mandolin playing is fairly in the "new to intermediate" range.

... I find most of Fox's arrangements of these songs really unattractive. Some are nice and fleshed out with double stops and broken chords, while others are just a barebones melody line. The

versions Fox presents of these melodies often vary slightly from the standard tunes we know, which would be fine except I really don't care for his variations. There seems to be no rhyme or reason to when Fox chooses an open string over a fretted 7th string, though they are used interchangeably within some tunes. This book is most useful as a guide to making your own versions of these old tunes. It's also good for a broad exposure to different genres of music. A beginner on mandolin will benefit greatly from the simplest arrangements and wide range of styles. I sincerely wish there were MP3 tracks to accompany the book arrangements so that I could better understand what I'm reading on the page, but I guess YouTube will do for now.

Great book for the beginner. Easy to get the basic melody down for a lot of songs. There are several more advanced numbers also. The Only reason I didn't give it 5 stars is that many of the songs only have a small sampling of the verses. I know that some have too many to print all of them, but it would be nice if they had enough to make the song last around 2 minutes. Some of them only have enough for about 1 minute.

great read thanks for the recommendation

The Mandolin Gold book has quite a few titles that I did not have and that I really like. I like the arrangement and the chords used to enhance the melody. I just received it a couple of days ago, so have not studied it in depth. It is a size that is very easy to read.

very nice

Bought for grandson's birthday. Cover looks like black marker got on it, disappointed but won't send it back.

Received it in great condition. Nice book.
