Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

Not for violinists. This is just the piano accompaniment, like the other review says, with a small violin part on top. There is no violin soloist insert like any typical violin and piano book have. Really stupidly designed. Unless you want to turn the page every 4 seconds and squint to try and read the tiny notes, save your money!!!

This book is basically the piano part with the violin part written very tiny up above the piano part. I don't how any violinist could read this music. No separate part came with the book either. I was very disappointed
