## Customer Reviews

Yes sir, this is the one and only book you will need for BMW. Bob is one of my favorite artist and so I wanted a complete collection. Every other book I found fell way short. There are other books with this same cover (be sure to see song list), but this particular book contains all the songs from the 4-disc album Song of Freedom and more. Well worth the extra cost and wait to get shipped from Europe. Casual fans will probably be OK with books of smaller collection, but for those following his career since his songs were only available on 45s this is a must have.
