Author/Illustrator, Anthony Curcio has a B.A. in Social Sciences from Washington State University and is an educational consultant and speaker. Anthony lives in Seattle with his wife and two daughters.

I LOVE this coloring book! Anyone can enjoy this coloring book, kids or adults. In addition to the detailed illustrations, it also includes a brief history of Air Jordans and some info on when they were

released, how much they cost at the time, and what inspired each design. I'm not even a big basketball fan but I found the snippets really interesting. Also, this coloring book has pages where you can design your own Jordans. Well worth the money! I'm probably going to have to buy another one for my 13-year-old cousin!

Person loved it.

Neat coloring book for younger kids but not pre-school. It's neat how they can play with the templates and design their own jordan shoes.

Great!
