It's adorable. My five-year-old grandson and I love it. It's a good step before where's Waldo

Perfect for my 3 year old grandson. Not too easy, but not so hard to find the penguins that he becomes frustrated. He also likes that the penguins have names and personalities and that there's a story line to follow.

My son is so happy with this book, we start with where is curious george, wich he still love, but now that he is 4 we needed something more dificult but apropiate for a kid. Perfect!
