Ai Akikusa is a Japanese artist, illustrator, and picture books author based in Tokyo. She graduated from the Department of Graphic Design, Tama Art University. After working at the Nakamori Design

Office she is now working as a freelance artist. Some of her publications to date are as follows: Easy-to-use Coloring Pencils, Cute Animals with Coloring Pencils, Let's Go To the Zoo, Buk's Baby, Me and My Little Popofu, The Hairy One, Asahiyama Zoo, Parudemar the Bear, and Little Puddle.

I ordered this for my 10 year old daughter for Christmas and she loves it. The animals are a wonderful mix of a style somewhere between "cutesy" and "realistic" without being too cartoonish. The instructions are detailed and easy to follow along, and there are a wide variety of animals in the book.

Super cute and sweet drawings of animals. Very inspiring and I love how the colored pencil is used in a less opaque way. Some people use colored pencils so opaque that it looks like paint, but to me that takes the unique and charming character of the colored pencil effect away.

The pictures were adorable, and worth the purchase. Since it was a gift, I had to return it because the cover was damaged. It was a positive transaction, and I would purchase again from this seller, as needed.

It's so easy to understand this. It doesn't matter if for kids or adults. I can't wait for the next drawing book to come out next.

Sweet book - my 11 year old granddaughter is very artistic and she loved it....

Bought this for my nephew, he started to draw as soon as he has the book.

Great Grand Daughter loved it.

Adorable book! So happy I bought it. It's calming to work with... I say that because sometimes drawing books have too many steps and details that make the whole experience not very fun. This book is great all around! I wish he had a full series! I would buy them all.
