## Customer Reviews

Hardcover book of colored pencil art.

I purchased this book thinking the many artists who's works would be found in it would each give a bit of insight into the how they created their works of art in colored pencil. I expected something like the artists provide in the Splash series for watercolors. I was wrong ... very, very wrong. This is a picture book, pure and simple, with the pictures being of the colored pencil artworks of a number of artist. The only information provided is the name of the artist and the size and title of each piece. It was really frustrating to see all these awesome works of art created with colored pencils but not too find even small tips on the techniques used to create them! Not even the types of colored pencils used! You're probably wondering why I gave "The Best of Colored Pencils" #1 three stars instead of just one star. In truth, I almost gave it four stars. Why? Because even though nothing but the name of the artist, the size of the work and its title are given for each artwork depicted, it is truly inspiring artwork! And while no technique was described, I found that by carefully studying the works I liked best, I could work out a fairly good idea of how it was created by taking up my own pencils and trying to recreate it. I couldn't do this in all cases, but in a few, I came close. At least, close enough for me. So, if you're looking for a book with at least a bit of the technique an artists uses to create his or her art described, this is not the one for you. However, if you are up to a challenge of figuring it

out for yourself, this book is a decent choice. And after all, isn't figuring out new techniques for your artwork a good part of what it means to be an artist? Not that more than the most basic information wouldn't be nice.

Excellent transaction. Item as described and fast shipping. Thank You.

Love it, great addition to my art book collection!

Delighted with the diverse art work. The book illustrated good examples of what can be done with colored pencils. Encouraged me to diversify my work.

Like

GREAT PICTURES, IT IS HARD TO BELIEVE THAT THE BOOKS ART WAS ALL DONE BY COLORED PENCIL. THERE IS NO INSTRUCTIONS, JUST BEAUTIFUL ART THROUGH THE WHOLE BOOK.

beautiful book
