Practical German For Beginners: Over 700 German Phrases & Expressions For Everyday Conversation

Synopsis

Would you like to try a different way of learning German? Are you tired of the traditional methods teachers tell you to use? What if we told you there is a better, more carefree way of learning German and expanding your vocabulary to unprecedented levels? Well, guess what? There is! One of the best ways to learn German is by using practical conversation guides. The problem? You might feel like you don't know where to start, or you may feel lost trying to read whatever pops up on the Internet. That's exactly why we created this book. German phrases + pronunciation guide = faster learning. We know how difficult it may seem to learn a foreign language from scratch, let alone trying to put all that learning into practice. But what you might not realize is that it's fairly easy to fully incorporate the essentials of a language if you use pronunciation guides as a shortcut. Pronunciation guides allow you to follow a certain "pronunciation clue" and without realizing it, you will be speaking almost perfect German. This will in time allow you to expand your vocabulary quickly, understand new concepts, and overall get a better grasp of the German language. Practical conversation guides work because they eliminate the stress of forcing yourself to learn. Instead, when you follow the different sections we've prepared for you, you will learn German with much less struggle! Your goal is to simply focus on a section at a time. Each chapter takes on multiple topics, including tips on how to build rapport with others, grocery shopping, and asking for directions, just to name a few. We wanted these sections to be fun, interesting, and appealing, motivating you to keep on listening.

Customer Reviews

Very impressive! I really enjoyed reading this book and I think it offers a great introduction to the language. It covers all the basics and many fine points of grammar for this language and offers frequent passages in German to practice translating and understanding. These passages reflect the chapter lessons quite well and the later ones are interesting. Grammar is made comprehensible. Really worth recommending to all!

Wonderful book for beginning german language

I'm happy with it. It looks like it's written by a person whose native tongue is German. I took several German classes in high school and college, and wanted to brush up on it a little.

Fantastic book. Full of practical phrases for travelers. It's exactly what I've been looking for.

Good book for the beginner who wants to learn a little about German.

It is poorly formatted so I can read it nor use it to enhance my German

smooth transaction and prompt delivery - thanks
