Customer Reviews

"Known for its four-color maps, photos and illustrations, the [DK] Eyewitness Guides are extremely user-friendly for travelers who want their information delivered in a concise, visual way."

• Chicago Tribune "The best option | Color photos, maps, and diagrams bring the place to life." • The Philadelphia Inquirer

Very extensive, but not that great for cruise purposes. I have found websites online that are designed for passengers who are on cruises and just visiting the port for 4 or 5 hours, which is what we will be doing. This book is very extensive and great background reading. I supplement that with wikipedia searches to TRY to understand the culture and history of these coastal city-states. Over the years they have been independent, or owned by Turkey, Venice, Ottomans, Greeks, British, Italians, Russians, Slavs the list goes on and on. It is dizzying to even think of.

5 star for the pictures, maps of almost all the islands, and historical information, beautiful lay out, heavy cover, but I can only give it 4 since it does not include the details of the islands as in the Rick Steves Mediterranean Cruise Ports book, which is a true 5 star travel book.

Great book. Provides in depth description of all the Greek Islands. Would be a great reference for travel to Greece.

Met expectations.
