Customer Reviews

This book is complete, easy to read and reasonably accurate. Page's mastery of so many styles makes this book a must have for every guitar player whether you like Zeppelin or not (is there anybody who doesn't like Led Zeppelin?) The book sets the standard for music books. I wish there was a similar book containing the entire scores (bass, drums, keyboards, vocals & harmonies. The publisher for "The Beatles Complete Scores" could take some lessons in typography from this book.

This is an awesome book for the Zeppelin lovers of the world.
