For starters, my daughter loves this book. It is super fun and informative. I was blown away by how beautiful this book is, every page of this book is art designed, the photography is functional and fun and it will give a young woman a million ideas how to be clever in putting together fashionable outfits on the cheap. But again, I should stress how beautifully put together this book is, my daughter was going to put it on her bookshelf and that didn't seem right to hide it away, so we keep it on the coffee table next to a few art books we like. Nice job, clearly I recommend it.

Great book. Love the suggestions.

Cute - great tips!

Highly Recommend! Great book worth every penny! Makes a great gift for any young women looking to discover how to express themselves through fashion on a budget.
