Workbook And Competency Evaluation Review For Mosby's Textbook For Nursing Assistants, 8e

Synopsis

Get the most out of Sorrentino's Mosby's Textbook for Nursing Assistants, 8th Edition, and prepare for your certification exam! This chapter-by-chapter workbook and competency evaluation review reinforces your understanding of textbook content with numerous exercises and activities. It includes over 100 checklists -- one for every procedure in the text. The competency evaluation review helps you prepare for the certification exam with content review, skills evaluation review, and practice exams. Comprehensive coverage corresponds chapter-by-chapter to the textbook. A wide variety of exercises enhances learning and keeps you interested. Over 100 procedure checklists allow step-by-step review of each procedure and for instructor and/or self-evaluation. Optional learning exercises are provided for longer programs and/or higher-level students. Independent learning activities in every chapter allow additional review and practice. Competency evaluation review section includes content review and review questions for all key topics as well as two practice exams that help to prepare you for the written certification exam; the skills evaluation review helps you practice the procedures you may be required to perform for certification.

Customer Reviews

Use this book when I was in CNA got an extra copy just in case wonderful

school work

Do not waste your money the answers are not included with the purchase. Also there is false advertising for the book says you buy 544 pages when there is only 528. Worthless without the answer key.

Yes!! This workbook was perfect!! I had the text and only needed the workbook. The school I'm attending only sold the workbook bundled with the text. I saved a lot...Thanks!!

very helpful in studying and getting ready for both the written and skills test. I would recommend this book for a reference.

This was the same book I need for my CNA class at my local college and it was much cheaper than I could have bought it from them!

This gives you all of the information that you will ever need for your class work and more. I recommend this book to any one who is studying nursing.

While I am not using this myself my daughter is it is great for her Cna Class .Product was packaged right the book was in good shape both of them everything was good .
