## Customer Reviews

World adventurers be advised: This is a useful book for anyone interested in cruise ship holidays, traveling in South America or even just for those readers who enjoy a well written travel story. Bell has a good sense of humour and at times it's as if you can see the author grinning with delight as she recounts adventures in Rio, Brazil, the River, the West Indies all the way to sunny Miami USA. The book is full of useful tips and ideas and it really is a joy reading travel writing by an author who clearly loves food and doesn't mind sharing their passion. Nice photos, nicely written, a highly informative book. I thoroughly enjoyed it and would recommend it to anyone who enjoys travel yarns and especially those thinking about cruise ship holidays or planning a trip to the Americas.

I really enjoyed this travel journal. It has definitely whet my appetite for discovering more about cruising and South America, particularly the River. It would be a great read for anyone not sure if they want to go on a cruise (this book will settle the question for sure!) or thinking about hitting a few cities on the continent. A fun read for any like-minded intrepid traveller.

I found it very informative. I have not yet had the opportunity to go cruising, but this book made it sound so interesting and also easy. I just love travel books and this one lived up to my expectations.

Not the best writing style but a fun, informative read. I'm headed off to the internet now to get more info on some of the things she mentions!

The descriptions and the photo's made me feel like I was there! This book gives a great insight into the not so usual type of cruise.

We are taking this cruise and it increased our excitement! My husband wants a plastic iguana (lol). It is a very fun read.
