Customer Reviews

I highly recommend these audio tours! When we received the CDs, we loaded the files onto our iPod and printed out the map and directions. (Use the printed directions-- SO much easier to navigate the streets than the map.) We also had bought an earphone/audio-out splitter so we could listen to the iPod at the same time. We romantically walked through the streets arm-in-arm, listening to our walking tours. My husband and I opted to use these walking tours instead of a guided tour, and I'm glad we did. We were able to walk the tours at our own pace-- stopping to shop or eat lunch, or even skip by a few things we weren't interested in. So many times landmarks, museums, etc., were pointed out to us on the audio tour that we would have walked right on by. The narrator also encouraged us several times to go into museums and churches we might have been un-eager to

enter, but were very glad we did! Each tour is about 1.5 - 2 hours, while the individual segments within each tour were 2-5 minutes long. You won't be disappointed!

Take this audio guided tour as you walk through Florence. The included maps and language instruction complete this all encompassing guide.
