Yuu Kamiya is the author and illustrator behind the light novel series, No Game No Life, and its manga adaptation.

This is the first light novel that covers material that the anime doesn't get into. This book contains everything that is known and loved about the 'No Game No Life' universe with the two strategists that are Sora and Shiro; Games, plots for domination, the two protagonists goals to be bigger than what you would think- as well as a healthy dose of fan service to test the parameters of the games. The way things are currently set up still have me craving for more content than when I first started reading, Can't wait for it to come in!

Awesome books. Although the graphs are a bit too much for public reading... So, if possible enjoy a

great reading in private. :P

Good book.

READ THE FIRST 3 to get the true story

Though I got mine in okay condition, I enjoyed every page of the book. The translations are barely off and the story is mind-blowingly brilliant.

Can't wait for the rest to come out.

Great and still love it. (If you are reading this, you should already know what's going on so there is no point in writing a full review on it).

It is a very light and fun story; a party book, like the author himself call it. The humor was very good, too. I laughed quite regularly reading it.
