Customer Reviews

The book itself is fine. It's what I need for my class, but the bookstore didn't have any more. My issue is that I bought a NEW book and received a book that does not appear to be new. There was no plastic wrapping on it. The binding was worn and appeared to have been opened numerous times. The side of the book had dirt marks on it. I paid full price because I wanted a new book. At this point, I need to keep the book. A partial refund at the very least would be nice.

Very informative, a lot of information to apply to everyday life.

Perfect learning material.
