Customer Reviews

This was my first book by the author and I was pleasantly surprised. This was a unique love story. Even though I am not a fan of heroin and hero fighting at the beginning of the book it made the book better. The author did a good job of telling the story you can feel the chemistry leap off the page.

The reason that it has four stars is because some questions were left on answered like what happened to his brother and in Suzanne to make them fall in love, also why did she want to move up the date and how do they go to look for her family? But other than that it was a good book and I read another book by this author

I love different and was happy I ran across this book. You have a prostitute and a sheriff, she has lived a hard life and still living one and he is a great sheriff engaged to the perfect lady.. it's hate at first sight with a little lust thrown in on both sides. What made this book a four star for me is that she propositioned him first, she is a strong woman but not a b***h. He's an alpha male who's trying save his younger brother from sinful temptation and resist that same sinful temptation at the same time. It's not same old perfect love story. Would've give it a five if the heroine had not been so beautiful.

I am pleasantly surprised. There really isn't enough historical novels that feature a black hero or heroine, is well written and somewhat realistic in the depiction of race relations. This book is all of that and more.

Loved how this story unraveled. At first, the premise reminded me of another book but the execution was very different. The characters were sexy, but you could feel their pain. The author also did a good job of fleshing them out into real characters with backgrounds and feelings. Really enjoyed it (plus, the "loving" scenes were FIRE! ãfÂ ã Å_Ã ÆœÃ â).

Entertaining and humorous read. Natural development in the story as the Mason characters relationship progressed. Historical aspect and small town setting added more depth to their romance. I highly recommend this read. Not your typical love story as both characters are not perfect but fit together. Don't want to give the story away but trust that you'll enjoy.

Five stars are not enough for this one. Could not put the kindle I wanted to know what would happen next. A Great story if love and how first impressions are not always lasting or correct. People are more than just the color of their skin , and right can pull people together. Loved this story!!

Dirk and Celeste love story started out very unconventional, especially since he was already engaged to someone else. I really liked the twist in the story concerning Joshua and Suzanne. This was a beautiful love story. Love has no bounds.

I really liked this book. Dirk and Celesta made a great couple. Loved the fire between the two, really kept you on your toes as you read each page. Enjoyed, I would read more by this author.
