With questions like, what are in hot dogs to why do superhero's wear their underwear on the outside and even can a elephant cry crocodile tears in a fabulous new look on some need to know questions about everyday life!This was a short read for myself but I loved every minute of it and I was able to learn new things about this world that I never thought to be true! This was a fantastic 199 question answer book filled with some really fun facts. My favorite was about woodpeckers and why they don't have headaches. I am not going to give you the answer so you need to read this gem of a book. You know those stupid questions you keep to yourself because well you think they are stupid lol... look no further! You can now purchase this book on . I give this awesome little book a 5 stars out of 5 stars because I just love books like this!

Answering questions you will never think of (because many are taken for granted), the book employs a joyful mix of humor and solemnness. Yes, including the one in the title.I particularly love the "questions with no answers" sections as you can't help but nod with them!*I got a free copy in exchange for an honest review from NetGalley
