Straight A's In Pathophysiology

Synopsis

Straight A's in Pathophysiology is an excellent review for the NCLEX® and for pathophysiology courses from the LPN through the BSN level. It follows the unique and highly visual two-column Straight A's format—•an in-depth outline review in the inner column and a quick-scan key points refresher in the outer column. Other study aids include "Top 10" Lists that save students time before exams, Time-Out for Teaching tips on patient teaching, Go with the Flow algorithms, dozens of illustrations, and a 16-page full-color insert. The book and bound-in CD-ROM contain hundreds of NCLEX®-style questions—•including alternate-format questions—•with answers and rationales.

Book Information

Series: Straight A's

Paperback: 608 pages

Publisher: LWW; PAP/CDR edition (November 8, 2005)

Shipping Weight: 2.4 pounds (View shipping rates and policies)

Average Customer Review: 4.2 out of 5 stars 13 customer reviews

Best Sellers Rank: #496,873 in Books (See Top 100 in Books) #142 in Books > Textbooks > Medicine & Health Sciences > Medicine > Basic Sciences > Pathophysiology #200 in Books > Medical Books > Basic Sciences > Pathophysiology #241 in Books > Textbooks > Medicine & Health Sciences > Medicine > Basic Sciences > Pathology

Customer Reviews

I would highly recommend as a Study Guide for Patho. Also, the Shipper, Textbook Rush sent the book Media Mail and it was shipped to me within 5 days (calendar days). Thank you Textbook Rush! I would highly recommend the Shipper as well. I plan on purchasing other books from Textbook Rush in the near future. ;-)

This book translates hard information into English I can actually understand.

great book very detailed

I haven't quite gotten into this book much, but it offers key points and important areas in Patho. Unfortunately the CD was broken during shipping, but I think I can live without it.

CD doesn't work

Just the book I ordered. Great study guide. I'll order again when I know what I need for my next class.

clean copy !

A lifesaver for nursing students!
