C Is For Centennial : A Colorado Alphabet (Alphabet Series)

Synopsis

Few other states in our union have the magnificent topography of the Centennial State. This unique Colorado landscape is beautifully represented in the illustrations of Helle Urban, as the rhyming verse and expository text of Louise Whitney defines those images and expands our understanding of the Rockies, Blue spruces, Springs, and Yucca plants that paint this land. An excellent addition to our state alphabet book series, C is for Centennial entertains as it educates and its multi-tiered format makes it accessible for readers of all ages and at all elevations.

Age Range: 6 - 9 years

Grade Level: 1 - 3

Customer Reviews

We purchased this book as a gift for our dear friend's 5 y.o. daughter; we are both military families living overseas, and they will be relocating to Colorado this summer. Their daughter loved the book so much that she insisted on calling us herself to say thank you. The listing suggests that it's best for an older child, but it really is fine for a younger reader with parental assistance. Each page has a simple sentence that she can read herself, as well as a small paragraph in a sidebar that her mom and dad can read to her to help her learn about her soon-to-be new home.

We ordered this thinking we could read it to our son, but it is not really a kid's book. There are a lot

more words than expected, and some of the letters are a stretch. However, if you are expecting something for someone older, it may be good.

Since I have 3 sets of grandchildren living in 3 different states, a daughter-in-law from another state and we are RI natives living in FL, I bought 6 of these Alphabet Series books and am planning to buy 3 RI books for each of my 3 children. I had them sent to my house so I have read them all. The pictures are great and they are all very informative and interesting. Many times I said, "I didn't know that." even in the RI book. Great for all ages and a nice house gift for someone moving to a new state.

Got this for two grandchildren--8 and 3 1/2 years old--and the format is ideal to appeal to both of them. Beautiful book!

We lived in Colorado for a short time and I had to get a book to share with my students when we moved away. This is such a beautiful book full of great information. A wonderful reminder of a state we fell in love with.

beautiful artwork

Love these books. They are such a fun way to learn about the states and the fun things in each state.

Good
